LANTERN DEMI LARGE
raw silk, hewn brass

WORKSTEAD

LANTERN DEMI LARGE hardwired

Description

LANTERN DEMI LARGE presents the primary geometries of our best-selling Lantern Collection via two sensuous forms. More discreet in drop-height, but still monumental in presence, both fixtures bring a transformative presence to spaces with lower ceilings. An offset dome rises towards a lyrical octagonal canopy, concealing the connection between fixture and ceiling, and creating an impression of luminous drapery above. 100% Dupioni Raw Silk is tailored over hand-crafted armatures and finished with an elegant tassel.
